

INTERNSHIP – CONSULTANT (M/F)

About Forizons

Founded in 2000, Forizons is recognized as one of the leading consulting firms in end-to-end flow management.

Operating worldwide with multiple offices in France, USA, Brazil, Hong Kong and Australia, Forizons commits to working with clients to improve end-to-end flow performance throughout the entire Supply Chain Management.

Using innovative methods and advanced tools, our consultants focus on creating value for clients in many industries, such as Aerospace & Defence, Logistics Services, Healthcare, Automotive, Energy, Retail.

Our main offers are the following:

- Business Consulting – Master & improve end-to-end flow performance
- Transition Management – Take in charge day-to-day operations
- Skill Transfer – Develop customer skills & knowledge
- Digital Flow Transformation – Enhance end-to-end flow performance with digital

Missions

You will be under a Manager during your missions, you will be required to work in partnership with a Consultant on the various projects conducted by our firm. You will contribute to the realization of our missions (search for information, analysis, synthesis, writing reports and oral presentation of the results). You will also participate in the relationship with our customer.

- Understand the customer's problem
- Apply the Consulting methodology developed by the firm and use the tools to carry out the mission
- Be organized throughout the mission and deliver elements of restitution
- Be comfortable with written and oral communication

Profile

As part of your curriculum in a major engineering school, or a large business school specialized in Supply Chain, you ideally justify a first operational or consulting internship.

You are motivated and have the taste of the challenge, you are curious, dynamic and autonomous.

You have the will to acquire a business know-how in the field of the Supply Chain, and you demonstrate excellent analysis and rigour.

Fluent English required.

A third language is a plus.
